Forecast for Thursday 04 Jul 2024

Weather: A mixture of bright spells and showers, wintry at first on the highest tops. The showers will move through quickly but some could be heavy with a small risk of lightning. Becoming drier with longer sunny or clear spells developing through late afternoon and evening.

Chance of cloud-free hill tops above 800m: 40% at first, soon becoming 70%.

Low cloud and visibility: Generally very good visibility but occasionally poor in any showers with patchy cloud and fog above 800m, lowering to 500m in heavy showers.
